Dear Honorable Robert E. Gerber;

I am writing in response to the 154th Omnibus Objection to Claims filed by General Motors LLC. They (Motors Liquidation Company, et al., f/k/a General Motors Corp, et al.
My claim, Thomas F. Warner, 460 Flat Rock Rd. Woodburn, Ky. 42170, of \$101,254.07 should not be disallowed. My claim is for the amount of money I put in over 39 nine years of service to General Motors. This amount does not include any dividends, interest or bonus money, it is only the amount that I gave out of my check. I obtained this figure from Fidelity Investments Co. This amount is minus the amount they sold my ownership in General Motors for without my permission. I ask for no more that what I put into my 401k plan.

My objection to this dissallowment claim is that I was an owner of General Motors. How can one owner be put to the curb while the others still set in their ivory towers and haven't lost a thing, still drawing their bonus and salaries. I helped build General Motors over the 39 years, invested many hours of hard work and time to build the company. Mr Rick Wagoner recieved \$20 million for getting fired, Mr. Witiker, now CEO of General Motors recieved a bonus just for being there a few months. This was my life savings for my life after General Motors, and they should not be allowed to wipe it out just to make a bigger bonus and salary at another General Motors owners expense. I do not have an army of attorneys to write this letter, this is the best way I know how to put my objection down and pray that you and the courts can make a just and right decision

Sincerely
Thomas F. Warner
